WELCOME JUGGLERS TO TRES CANTOS

EJC2022 is an event organised by Asociación Juvenil 3 Cantos and the Circus School "Circo Diverso", together with the City Council of Tres Cantos. Additionally, as with all European Conventions, we are supported by the EJA (European Juggling Association).

The Circus School "Circo Diverso" has been self-managed by Asociación Juvenil 3C from its birth, with the support of local authorities and by regaining those unused spaces for the circus project to be present in the district.

One of the other goals of the Circus School "Circo Diverso" is to increase the number of available spaces that offer quality education. In this way, together with other schools and associations, we are looking to bring as many people as possible that much closer to the circus world. We currently hold classes in 3 different spaces.

For many years in the Asociación Juvenil 3C we have worked in different youth projects and dancing, drama and circus events. After many years, we are happy to host the EJC in our district and turn Tres Cantos into the city of juggling. Also, we wish to thank neighbours, helping hands from other associations and the City Council for their support and collaboration. THANK YOU.

**EJC 2022
Tres Cantos
Madrid**

In the history of humanity, civilizations succeed one another and many leave a cultural legacy that lasts. So we can enjoy today things that hundreds or thousands of years ago, already made others enjoy. Like juggling, which has captivated us since we were children but we are surely unaware that they have been around for almost 4,000 attracting the curious gaze of children and adults, rich and poor, kings and vassals.

Jugglers do not need complex sets or expensive special effects. It is his skills, his trained skills to handle any element and his own body, which seduces us hopelessly. Life is not a raffle. Life is a difficult balance to maintain. And perhaps for this reason, we admire those who cultivate and exhibit the gift of staying and keeping things in balance, making it seem simple and having fun at the same time.

At Tres Cantos we love the circus. And in addition to having the Circo Diverso school, this year, hosting this European Juggling Convention 2022, we will become the European capital of the circus. I invite you to participate and enjoy this universal art, so that it lasts for at least another 4,000 years.

Jesús Moreno, Mayor Of Tres Cantos

A word from the President of the European Juggling Association;

Hello, and welcome! This 44th EJC is a special one: after three years, we can finally be together again!

That this year's EJC can happen at all, is an accomplishment of the EJC organising team in Tres Cantos that - in my view - can hardly be overstated. Their EJC is the first after (and during) a number of significant global crises; from a pandemic, to war in Europe, to a worsening climate crisis, and more. Previous to 2019, their last EJC had been 2009; they lost out on the experience of supporting the EJC team in Hanko; and they had to organise an event in a very different world to when they were elected. They are a local team of circus arts enthusiasts, doing this largely as volunteers, putting all their hearts into an event that allows us to come together, share experiences and have fun together. Please join me in showing them the love and appreciation they deserve!

Another big thank you! also goes to the city of Tres Cantos. Thank you for being so welcoming of our community, and for supporting the EJC team in so many ways!

And then, I would like to thank all of you who are joining the EJC! You, too, are bracing many challenges - from heat, to travel uncertainty, to increasing cost of living - to finally be together with others at an EJC, meet old friends, make new ones and juggle (spin, play, move, fly...) together. Without you, there would be no EJC!

In more ways than one: the EJC is an event for the community, by the community. It lives from volunteering, from people giving their time and skills to make it possible: from the European Juggling Association*, to the EJC teams, to the many hundred of you - participants who bought tickets and are still volunteering for registration, badge control, info point, worksho Hps, cleaning, and all the other things that need to be done. You are what makes the EJC happen. Thank you for being an amazing community!

Now, please enjoy your time in Tres Cantos, where we can finally be together again!

*PS: We need volunteers, too! :) If you're interested in what we at the European Juggling Association do, join us at the General Assembly on Tuesday, 9 August, 17:00 in the Arena, or email info@eja.net.
